

## My Reading List

**My Reading List provides an easier way to manage your Summer Reading Program and other year round reading activities.**

My Reading List is offered as an annual subscription with unlimited usage to support year round reading programs.

Annual subscriptions start from just \$330

### Tailored Reading Programs

My Reading List enables your Library Service to tailor and manage one or more reading programs to best service your community.

### Cloud Solution

My Reading List is a hosted web application purpose built to suit reading programs offered by Australian Public Libraries.

### Management & Milestones

Key features include reading progress logging, prize management, milestone recognition, mediated reviews and certificate printing.

### Locally Developed

My Reading List is proudly developed and managed in Australia by librarians for librarians. We actively encourage suggestions and feedback from like-minded Librarians to further enhance the product.

### Privacy & Security

Information stored in My Reading List is private to the Library Service and is not shared or reused in any way.

- Flexible to meet just about any reading program need
- Integrates seamlessly to your website
- Instant implementation
